WORK EXPERIENCE

Full Stack Web Development internship

jan 2024 - june 2024

LBM SOLUTIONS

Mohali

- “I joined LBM Solutions as a full stack web developer intern to gain practical experience.”
- Built an E-commerce website to enhance my skills in web development
Using **Node js** , **Express js** , **Mongo db** and **Restfull API's**
- Demonstrating advanced skills in full-stack development and seamless user experience design.

In campus Traning (java)

July 2023 - August 2023

- Dedicated to learning Java programming concepts and applying them in real-world projects.

PROJECTS

Loop Chat Web-App

Developed a fully functional and secured real time chat web application implementing JWT Authentication, Websockets, Context API, Routes, and multiple custom hooks to manage state and prevent unnecessary re-renders. Integrated real-time messaging functionality with instant updates across users. Added a search feature to allow users to find chats and messages quickly. ([Website link](#))

The sunlight (UI Design)

Built a fully responsive website using HTML, CSS and BOOTSTRAP that shows my creative knowledge in designing & frontend and deployed this project on vercel. ([Website link](#))

E-Commerce Website

Developed a mini e-commerce platform using EJS template Engine ,Node.js, and MongoDB; integrated login/signup, admin/user roles, cart functionality, and JWT-based authentication and authorization. ([Website link](#))

Job App

I've developed a job website with the following key features: User Roles: Admin: Responsible for creating and managing all roles. Editor: Can create job listings. Author: Writes job descriptions. User: Has access to view job listings. ([Website link](#))
